

Town of Firestone

Blackboard Connect- CTY

COMMUNITY NOTIFICATION SYSTEM

To request additional contact information, simply register your information online at www.ci.firestone.co.us

Those residents without internet access can have their information added to the system by calling 303-833-3291.

You may **opt out** of the Blackboard Connect-CTY notification system. To do so simply complete the opt out form on the back of this notice and return to the Firestone Town Hall or you may opt out online.

Please note if you choose to opt out of this service you will not receive any communication from the Blackboard Connect-CTY notification system.

Residents with call blocking services can make sure to receive the Town's time-sensitive calls by adding 303-833-3291 to their approved number list.

The Town of Firestone is pleased to offer the Blackboard Connect- CTY, our town-to-resident notification system. With Blackboard Connect-CTY, officials can record, send and track personalized voice messages to thousands of residents, businesses, and local agencies in just minutes, through a single phone call. The town can also send text messages to cell phones, PDAs, email accounts, and TTY/TDD receiving devices for the hearing impaired. The Connect-CTY service is used to supplement our current communication system and augment public safety/first responder services.

“Blackboard Connect will help to enhance communication within our community,” said Cheri Andersen, Town Manager of Firestone. “Should a need arise, we are prepared to quickly provide residents and businesses with important information, directions and updates, helping to keep them safe and informed of important town events and emergencies.”

Every residence and commercial facility that has a listed phone number in our community will be automatically included in our notification database. For businesses, we will store one main phone number. For residents, we may have more than one number that belongs to you in the database. You may request to have three (3) phone numbers, two (2) email addresses and one (1) SMS number to be entered into our database for priority calling.

Please accept our open invitation to participate in this great service. We know that your personal information is important, and rest assured that the Town will not share it with anyone.

The Town of Firestone will be conducting a test on the new **Blackboard Connect- CTY** notification system on September 14th at 7:00 p.m.
